Decision n° RSC(07)28

The Director of the Agency,

Having regard to:

- Council Regulations no. 2062/94 of July 1994, no. 1643/95 of June 1995 and no. 1654/2003 of June 2003,
- Articles 11 and 81 of the Conditions of Employment of Other Servants of the European Communities,

Whereas

- The budget of the Agency and more notably item 1522 thereof, establishes appropriations for the organisation of traineeships in specific operational units of the Agency,
- It is in the interest of the construction of the European Union, and more especially of the Agency, that the Agency publicises its work among young university graduates,

Has decided:

To adopt the herewith attached, "Decision n° RSC(07)28 "Traineeships" as of the date of signature of this decision.

Decision RSC(07) 28 - Traineeships

Foreword

These guidelines outline the aims of the Agency's traineeships targeted mainly at young university graduates without excluding those who in the framework of lifelong learning, have recently obtained a university degree and are at the beginning of a new professional career.

In line with similar initiatives taken by the Commission and other European agencies, the aims of our traineeships are threefold:

- i. to provide university graduates with a unique and first hand experience of the workings of the European Union in general and the Agency in particular. The traineeships we shall offer specifically seek to provide an understanding of the objectives and procedures of the Agency's work in connection with safety and health at work issues;
- ii. to enable the selected trainees to acquire practical experience and knowledge of the day to day work of the Agency's units and to work in a multilingual, multicultural environment;
- iii. to provide opportunities to young university graduates to put into practice their knowledge acquired during their studies and in particular in their specific areas of competence. The traineeships are also intended to introduce graduates to the professional world and the constraints, duties and opportunities therein.

Moreover let us not underestimate the benefits for the Agency resulting from the input of enthusiastic graduates who can give a fresh point of view as well as up to date academic knowledge that can serve to contribute to the work of the Agency.

Article 1 - General provisions

- 1.1 Traineeships are intended for university graduates who in the course of their studies or in some other manner have already gained some initial experience in the areas of work of the Agency. These training periods shall last for a minimum of two months and a maximum of six months.
- 1.2 These provisions shall apply to traineeships organised by the Agency, subject to any limits of office space and the availability of the personnel in charge of the aforesaid trainees.
- 1.3 The objectives of the Agency's traineeships shall seek principally to:
 - provide training in occupational safety and health issues and more specifically in the work programmes being carried out by the Agency;
 - provide practical knowledge of the working of Agency's different departments;
 - extend and apply knowledge acquired in the course of studies or working life;
 - enable trainees to acquire personal experience through the contacts they make in their everyday work.
- 1.4 Subject to any timetable constraints, trainees may spend a maximum of half a day per week preparing a postgraduate thesis or an academic paper.
- 1.5 A maximum of four trainees will be admitted to the Agency at any one time.

Article 2 - Admission criteria and selection procedure

- 2.1 Applications should be made in strict accordance with the procedures established by the Agency. All necessary instructions are published on the Agency's website. Applications postmarked after the closing date will be automatically rejected. Applicants must provide all of the supporting documents required, electronically scanned together with their application. No additional documents or justifications will be accepted after reception of the application.
- 2.2 Trainees shall be selected from among nationals of the Member States of the European Communities.
- 2.3 Subject to the constraints of the Agency's budget, traineeships shall be open to applicants who have not previously undertaken a traineeship in another European institution or body¹ and who meet the following requirements:

¹ For a list European Institutions and Bodies see Annex 1

- a recognised university degree², evidencing completion of a full cycle of study, or in the case of trainees who are at the end of their studies, an official attestation from their university stating the marks obtained;
- some initial experience in one of the areas of work of the Agency (see Article 2.5 below) obtained either through specialisation as part of the applicant's studies for a university degree, a dissertation or other research project conducted as part of their studies or in some other manner or through professional experience or a previous traineeship.

2.4 No age limit is imposed on the candidates for traineeships.

2.5 Applicants must have a thorough knowledge of one official language of the European Communities and a satisfactory knowledge of another language of the European Communities; one of these languages must be the language of the Agency (English).

2.6 The principal areas of the Agency's work which are taken into account in the requirements stated in Article 2.2 are:

- Occupational Health and Safety - Risk Observatory Unit;
- Occupational Health and Safety - Working Environment Information Unit;
- Administration & Political Science - Network Secretariat/Brussels Liaison Office;
- Marketing & Communications – Communications and Promotions Unit.

2.7 In allocating trainees, the Agency shall give priority to those Units that have places available. The Unit to which a chosen candidate is ultimately allocated may not be that for which s/he had expressed a preference.

2.8 The procedure for selection is based upon an official mail (via either electronic or standard mail) addressed to the HHRR Section enclosing:

- a letter specifying the candidate's motives for applying, the Unit concerned and the desired dates of the traineeship within the limits stipulated in Article 1 of these guidelines;
- copies of the degrees or certificates obtained;
- a statement of marks awarded;
- a statement certifying professional experience or a reference from a university tutor.

2.9 The HHRR Section will forward the application to all of the Heads of Unit/ Supervisors likely to be interested giving preference to those Units indicated by the candidate. The Heads of Unit will then inform the HHRR Section of any applicant s/he selects. The HHRR Section shall then contact each successful applicant and forward a proposed contract drawn up in duplicate,

² For a list of minimum national diplomas see Annex 2

notifying the candidate of the assignment. The name of the person employed by the Agency who shall be assigned as a trainee counsellor is to be included in the letter of notification.

2.10 Before the commencement of the traineeship, the candidate is required to provide the following documents, in addition to the two copies of the contract duly signed:

- an excerpt from police records (except in the case of civil servants);
- a medical certificate confirming that s/he is fit for work and free of any contagious diseases;
- a statement indicating whether the trainee is gainfully employed and if so the amount of his/her earnings;
- a statement indicating whether the trainee is in receipt of a grant or other subsistence allowance from another source and if so, the amount of these grants or allowances;
- a photocopy of an insurance policy covering the trainee for illness and accidents (other than accidents at work which will be covered in accordance with the terms of the insurance policy taken out to that end by the Agency) for the duration of the traineeship.

2.11 The awarding of a traineeship shall not give trainees the status of officials or staff of the Communities. It shall confer neither entitlement to employment in the services of the Agency nor priority over other applicants for employment.

2.12 If an application is unsuccessful, a candidate may re-apply for a subsequent traineeship. It is however necessary to submit a fresh application together with all supporting documents.

Article 3 - Basic grants, insurances, allowances, reimbursements and tax matters

3.1 Trainees may be awarded a monthly grant. The amount of the grant is decided by the Agency on a yearly basis and is subject to budgetary constraints. The amount of the basic grant shall be published accordingly on the Agency's website when the call for applications for its traineeships is announced.

3.2 Sickness insurance is mandatory. Trainees shall be responsible for organising their own insurance against health risks, along with any insurance required for family members for the duration of the traineeship.

3.3 Trainees shall be insured against the risk of accident at work in accordance with the terms of the insurance policy taken out to that end by the Agency with an insurance company.

3.4 Trainees are solely responsible for the payment of any taxes due on the Agency's grants by virtue of the laws in force in the State concerned. For tax purposes at the end of the traineeship,

the Agency will provide a letter stating the amount of grant given to the trainee and confirming that tax and social security payments have not been made.

Article 4 - Rights and obligations of trainees

- 4.1 Once the trainee is allocated to a Unit of the Agency, his/her work shall be directed by a trainee counsellor appointed by the Head of the Unit to which the trainee is allocated. The trainee counsellor shall be responsible for instructing the trainee and shall advise him/her in the performance of the work allocated. As far as possible, the counsellor shall ensure that the trainee is involved in the everyday work of the Agency. The counsellor shall as a rule, be responsible for only one trainee during each training period.
- 4.2 Trainees shall not be entitled to any training courses organised by the Agency other than any which pertain to their own safety and health whilst working at the Agency.
- 4.3 Throughout the traineeship, the trainee shall act as instructed by his/her trainee counsellor. The trainee shall take part in the work of the Unit and in activities organised for his/her benefit, keeping to the timetables and programmes set. During the traineeship, the trainee shall consult his/her trainee counsellor on any initiative s/he plans to take with regard to the work of the Agency.
- 4.4 Within the Unit to which s/he is allocated, the trainee shall (i) attend meetings on matters which are of relevance to him/her and which are not confidential, (ii) receive documentation and (iii) take part in the work of the service at a level appropriate to his/her qualifications.
- 4.5 Subject to budgetary constraints, visits or study tours of relevance to the traineeship programme may be organised for trainees. Trainees shall not be sent on missions; however, in exceptional cases, the Director of the Agency may authorise this following a reasoned request by the trainee counsellor. This authorisation shall entitle the trainee to reimbursement of travel expenses and a daily subsistence allowance, under the budget for "Missions", and shall be calculated in accordance with those provisions of Articles 11 and Annex VII to the Staff Regulations which are applicable to officials of grades C and D.
- 4.6 The trainee shall treat with utmost confidentiality all facts and information to which s/he becomes privy in the course of the traineeship and shall sign a confidentiality statement. S/he shall not, in any manner whatsoever, divulge to unauthorised persons any document or information which is not in the public domain. The trainee shall not, without the permission of the Director of the Agency, publish, or have published, any text concerning the work of the Agency, either carried out individually or in co-operation with others. Such permission shall be conditional on any terms that the Director may set. All rights attached to work done for the Agency in the course of a traineeship shall be vested in the Agency.

- 4.7 The Agency reserves the right to terminate the traineeship if at any moment it becomes apparent that the trainee knowingly made wrongful declarations, or provided false statements or papers at the moment of application or during the traineeship period.
- 4.8 The former trainee shall remain bound by these obligations of confidentiality even after the traineeship has ended.
- 4.9 The trainee shall be subject to the same regulations concerning working hours as all personnel within the Agency. The trainee shall be required to be present during the core times of work during in which all staff must be present and to register his/her times of arrival and departure in the time management System used to calculate hours worked. The trainee counsellor may grant permission to recover any additional hours worked and absences of not more than two days per month of traineeship served where there are just grounds for doing so. The counsellor shall notify the HHRR section accordingly.
- 4.10 In the event of sickness, the trainee shall notify his/her trainee counsellor immediately. Should the period of absence extend to four days, the trainee shall send his/her counsellor a medical certificate indicating the probable length of absence. The trainee counsellor shall forward this certificate to the HHRR section, for the appropriate action to be taken. Where required in the interests of the service, the trainee shall undergo medical examinations.

Article 5 - End of the traineeship

- 5.1 At the end of the traineeship, the trainee shall submit a report on his/her work to his/her trainee counsellor who shall forward it to the Head of Unit together with an evaluation report. After this report has been compiled and entered in his/her personal file, the trainee shall receive a certificate confirming the length of the period served.
- 5.2 The Director of the Agency may agree to suspend the traineeship for a specific period on receipt of a written request by the individual concerned and after obtaining the opinion of the trainee counsellor. The traineeship may only be resumed during the relevant training period and for the length of time still remaining in the contract between the trainee and the Agency.
- 5.3 The Director of the Agency may terminate the traineeship on receipt of a reasoned request by the trainee made through the trainee counsellor.
- 5.4 The Director of the Agency may decide at any time to terminate the traineeship on grounds of the trainee's behaviour, after hearing the trainee and the trainee counsellor concerned.
- 5.5 Traineeships are not renewable and may not, in principle, be extended. However, the Director may, by way of exception, grant an extension at the end of each training period, which may not exceed two months. Requests for extensions will only be accepted if the budgetary

Decision RSC(07) 28 - Traineeships

appropriations and the capacity of the Unit to accommodate trainees allow and if objectively justified in the interest of the service.

- 5.6 After completing the training period, trainees shall not be entitled to a contract with the Agency until a period of one year has expired.
- 5.7 Trainees are, however, entitled to participate in any selection procedures organised by the Agency, provided that they meet the requirements for doing so; if they are successful they shall be entitled to a post accordingly.

Article 6 - Final provisions

- 6.1 The HHRR Section shall be responsible for introducing these guidelines.

Annex 1 – European Institutions and Bodies

Source: http://europa.eu/institutions/index_en.htm

INSTITUTIONS OF THE EUROPEAN UNION

Name	Short Description
<i>European Parliament</i>	The European Parliament (EP) is elected by the citizens of the European Union to represent their interests.
<i>European Council</i>	The Council is the EU's main decision-making body. It represents the member states, and its meetings are attended by one minister from each of the EU's national governments.
<i>Presidency</i>	The Presidency of the Council rotates every six months. In other words, each EU country in turn takes charge of the Council agenda and chairs all the meetings for a six-month period, promoting legislative and political decisions and brokering compromises between the member states.
<i>European Commission</i>	The Commission is independent of national governments. Its job is to represent and uphold the interests of the EU as a whole. It drafts proposals for new European laws, which it presents to the European Parliament and the Council.
<i>Court of Justice</i>	Its job is to make sure that EU legislation is interpreted and applied in the same way in all EU countries, so that the law is equal for everyone. It ensures, for example, that national courts do not give different rulings on the same issue.
<i>Court of Auditors</i>	The Court's job is to check that EU funds, which come from the taxpayers, are properly collected and that they are spent legally, economically and for the intended purpose. Its aim is to ensure that the taxpayers get maximum value for their money, and it has the right to audit any person or organisation handling EU funds.

CONSULTATIVE BODIES

Name	Short Description
<i>European Economic and Social Committee</i>	The European Economic and Social Committee (EESC) is an advisory body representing employers, trade unions, farmers, consumers and the other interest groups that collectively make up 'organised civil society'. It presents their views and defends their interests in policy discussions with the Commission, the Council and the European Parliament.
<i>Committee of the Regions</i>	The Committee of the Regions (CoR) is an advisory body composed of representatives of Europe's regional and local authorities. The CoR has to be consulted before EU decisions are taken on matters such as regional policy, the environment, education and transport – all of which concern local and regional government.

FINANCIAL BODIES

Name	Short Description
<i>European Investment Bank</i>	Its job is to lend money for projects of European interest (such as rail and road links, airports, or environmental schemes), particularly in the less well-off regions, candidate countries and the developing world. It also provides credit for investment by small businesses.
<i>European Investment Fund</i>	The European Investment Fund (EIF) was set up to help small businesses.
<i>European Central Bank (ECB)</i>	Its job is to manage the Euro – the EU's single currency. The ECB is also responsible for framing and implementing the EU's economic and monetary policy.

INTERINSTITUTIONAL BODIES

Name	Short Description
<i>The Publications Office</i>	The full name of this body is the Office for Official Publications of the European Communities. It acts as the publishing house for the EU institutions, producing and distributing all official European Union publications, on paper and in digital form.
<i>European Personnel Selection Office</i>	The European Personnel Selection Office (EPSO) became operational in January 2003. Its task is to set competitive examinations for recruiting staff to work in all the EU institutions. This is more efficient than having each institution organise its own recruitment competitions. EPSO's annual budget of roughly €21 million is 11% less than what the EU institutions used to spend on recruitment.
<i>European Administrative School</i>	The European Administrative School (EAS) was set up on 10 February 2005. Its task is to provide training in specific areas for members of EU staff. Its courses are open to staff of all the EU institutions, thereby helping spread common values, promoting better understanding among EU staff and achieving economies of scale. It works in close cooperation with the training departments of all the institutions to avoid any duplication of effort.

DECENTRALISED BODIES

Community agencies

A Community agency is a body governed by European public law; it is distinct from the Community Institutions (Council, Parliament, Commission, etc.) and has its own legal personality. It is set up by an act of secondary legislation in order to accomplish a very specific technical, scientific or managerial task, in the framework of the European Union's "first pillar". At present, the European Community agencies are:

- Community Fisheries Control Agency (CFCA)
- Community Plant Variety Office (CPVO)
- European Agency for Reconstruction (EAR)
- European Agency for Safety and Health at Work (EU-OSHA)
- European Agency for the Management of Operational Cooperation at the External Borders (FRONTEX)
- European Aviation Safety Agency (EASA)
- European Centre for the Development of Vocational Training (Cedefop)
- European Chemicals Agency (ECHA) (under preparation)
- European Environment Agency (EEA)
- European Food Safety Authority (EFSA)
- European Foundation for the Improvement of Living and Working Conditions (EUROFOUND)
- European Fundamental Rights Agency (FRA) - previously EUMC
- European GNSS Supervisory Authority (under preparation)
- European Maritime Safety Agency (EMSA)
- European Monitoring Centre for Drugs and Drug Addiction (EMCDDA)
- European Network and Information Security Agency (ENISA)
- European Railway Agency (ERA)
- European Training Foundation (ETF)
- Office for Harmonisation in the Internal Market (Trade Marks and Designs) (OHIM)
- Translation Centre for the Bodies of the European Union (CdT)

Common Foreign and Security Policy agencies

Agencies have been set up to carry out very specific technical, scientific and management tasks within the framework of European Union's Common Foreign and Security Policy (CFSP) – the "second pillar" of the EU. At present, these agencies are:

- European Defence Agency (EDA)
- European Union Institute for Security Studies (ISS)

- European Union Satellite Centre (EUSC)

Police and judicial cooperation in criminal matters agencies

Another group of agencies has been set up to help the EU Member States co-operate in the fight against organised international crime. This co-operation in criminal matters is the "third pillar" of the EU.

At present, these agencies are:

- European Judicial Cooperation Unit (EUROJUST)
- European Police College (CEPOL)
- European Police Office (EUROPOL)

Executive agencies

Executive agencies are organisations established in accordance with Council Regulation (EC) No 58/2003 (OJ L 11, 16.1.2003) with a view to being entrusted with certain tasks relating to the management of one or more Community programmes. These agencies are set up for a fixed period. Their location has to be at the seat of the European Commission (Brussels or Luxembourg).

At present, these agencies are:

- Education, Audiovisual and Culture Executive Agency (EACEA)
- Executive Agency for the Public Health Programme (PHEA)
- Intelligent Energy Executive Agency (IEEA)
