

# **E-tools in EU OSH Policy Framework**

**Mario van Mierlo**  
**VNO-NCW-MKB-Nederland**

## How it was

- **A lot of paper, no overview, no insight**
- **Ongoing complaints by companies: solutions instead of answers**

# Change

- **The message is no longer productive**
- **Trade Unions: more enforcement activities needed**
- **MKB-Nederland: new approach is needed and Ministry of Social Affairs and Employment want to find a solution**

# A promising beginning

- **Building a digital tool**
- **Financial support by Ministry of Social Affairs and Employment**
- **Employer is starting point, keeping in mind: ‘solutions instead of answers’**
- **Support by member federations and Trade Unions**

## **An example for EU**

- **EU-OSHA is interested**
- **Modification to various branch-structures in the EU Member States**
- **OIRA is born**

# Follow-up of digital tool

- **Taking the next step**
- **Working together: employers federations, Trade Unions, Ministry**
- **Employer must remain starting point**
- **Setting priorities**

# Conditions for succes

- **Easy to comply with**
- **No administrative complexity**
- **Support by Trade Unions**
- **Natural instrument in day to day work**
