QUESTIONS FOR GROUP DISCUSSIONS

1. Have crowdsourcing, the use of performance-enhancing drugs or robotics been identified as emerging issues in your country?
2. Are there currently ongoing discussions on these issues in your country? Have any research or data collection been commissioned on these topics?
3. What are the positive and negative implications of these issues for working conditions and labour market? What are the main OSH challenges?
4. To what extent does the regulatory framework in your country provide for these issues? (e.g. legislation, collective agreements, labour inspectorate recommendations)
