DIGITAL PLATFORM WORK: THE IMPLICATIONS FOR OCCUPATIONAL SAFETY AND HEALTH (OSH)

Hybrid workshop
Date: 21 March 2023, 10.00 – 16.00 (CET)

Questions for the parallel group work sessions (14.15-15.00):

1) **Risks and opportunities of digital platform work for worker’s safety and health (ca 15 minutes)**
   Are you aware of additional evidence/facts about risks and/or opportunities to worker’s safety and health in digital platform work? For example, specific to certain sectors/types of digital platform work, or worker groups?

2) **Regulatory framework (ca 15 minutes)**
   Do you know examples of policy initiatives relevant to worker’s safety and health in digital platform work that were not mentioned in EU-OSHA’s research? What are the gaps and needs at policy level in your country?

3) **Practical initiatives and tools (ca 15 minutes)**
   Do you know (successful) examples of practical initiatives or tools (led by platforms, workers, social partners, OSH organisations or others) targeting OSH in digital platform work that were not mentioned? What aspects/elements have contributed to their success?

   What are the drivers to reach platform workers and improve their OSH? Which actors should be involved?
