

# Financial support from the Italian National Institute for Insurance against Accidents at Work (INAIL)

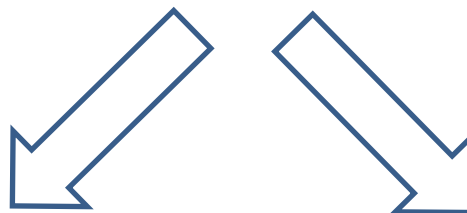

*Angelica Schneider Graziosi*

INAIL - Italian National Institute for Insurance against Accidents at Work  
CONTARP - INAIL Advisory Department for Risks Assessment and Prevention

# INAIL financial incentives to promote OSH

## Insurance premium variations

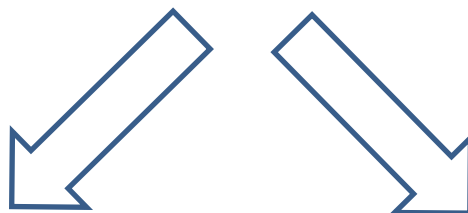

Automatic  
bonus/malus  
(experience rating)

'OT24' reduction  
(funding system)

## Subsidies

'ISI' scheme

'FIPIT' scheme

## 'OT24' reduction / 1

Workers/year*	Rate of reduction (%)
up to 10	30
11 to 50	23
51 to 100	18
101 to 200	15
201 to 500	12
more than 500	7

\* INAIL calculation based on salaries

## 'OT24' reduction / 2

### Main conditions

1. at least 2 years of activity
2. measures to improve OSH must be already implemented the year before the application
3. implemented measures must go beyond minimum legal requirements

## 'OT24' reduction / 3

### The procedure

Preventive measures are listed in an application form issued every year by INAIL and published on INAIL website

- e.g. 'OT24'-2015 application form contains the measures to implement in 2014 in order to apply for the reduction in 2015 (before 28th February).

Each preventive measure is associated to a score.

A total score of 100 must be reached to apply for the reduction.

## 'OT24' reduction / 4

### Preventive measures: some examples ('OT24' - 2015)

- health and safety management systems → 100
- development of best practices → 50
- adoption of best practices → 30
- automation of manual handling:
  - construction, quarrying, ..... → 40
  - glass or ceramics industry, ..... → 30
  - other sectors → 20

## 'ISI' schemes

The first 'ISI' scheme was launched in **2001** to fund projects for the improvement of OSH through training and information of workers.

In **2002, 2004, 2006**, 'ISI' schemes funded projects related to:

- programmes for the compliance with safety regulations
- information and training actions
- tools and products.

An upgraded type of 'ISI' scheme was enforced in **2010** and replied, with some differences, in **2011, 2012, 2013**.

## 'ISI' scheme 2013 / 1

- total budget: 307 million €
- capital account, non-refundable, amounts to:
  - 65% of the cost of the project
  - maximum 130,000 €

## **‘ISI’ scheme 2013 / 2**

**‘First come, first served’** online application procedure:

1. completion of the application form (January - April 2014)
2. transmission of the application form (29<sup>th</sup> May – ‘click day’)  
for projects first arrived:
3. technical and administrative evaluation of the project
4. project implementation (in not more than 1 year)
5. expenses evaluation
6. grant of the economic incentive

## 'ISI' scheme 2013 / 3

**3 funding strands**, for investment projects aimed at:

1. reducing occupational risks through renewal of the machinery, refurbishment of work premises, reengineering of systems and processes
2. implementing management systems
3. replacing obsolete machineries

## **‘FIPIT’ scheme 2014 / 1**

**New** incentive scheme, only for **micro and small enterprises**, aimed at reducing risks through **technological innovation** in 3 target fields (high-risk activities):

- agriculture
- construction
- mining and quarrying, natural stone products manufacturing, aggregates production (clay, sand, gravel)

## 'FIPIT' scheme 2014 / 2

**Total budget:** 30 million €

- agriculture: about 15,500 €
- construction: about 9,400 €
- quarrying and stone processing: 5,000 €

**Capital account**, non-refundable, amounts to:

- 65% of the cost of the project
- minimum 1,000 €
- maximum 50,000 €

## **‘FIPIT’ scheme 2014 / 3**

### **‘Cost/quality’ ranking online application procedure:**

0. information (July – 24<sup>th</sup> Oct. 2014)
1. completion and transmission of the application form  
(3<sup>rd</sup> Nov. – 3<sup>rd</sup> Dec. 2014)
2. evaluation of all submitted projects  
→ setting up of rankings in order of score gained

### for projects first arrived:

3. project implementation (in not more than 6 months)
4. expenses evaluation
5. grant of the economic incentive

## 'FIPIT' scheme 2014 / 4

### Agriculture

The economic incentive is granted for tractors renewal by means of:

- installation of rollover protection structures (ROPS) and seat belts for the protection of the operator in case of tractor rollover
- installation of other safety devices
- interventions have to be made according to specific guidelines published by INAIL

## **‘FIPIT’ scheme 2014 / 5**

### **Construction**

The economic incentive is finalized to the reduction of risks related to manual handling and falls from heights. Subsidies are granted for the purchase of:

- material-handling equipments for the movement of materials
- lifting appliances for the transport of materials and/or persons and goods

## **‘FIPIT’ scheme 2014 / 6**

### **Quarrying / stone processing**

The economic incentive is granted for the reduction of different risks through the purchase of:

- humidification systems / dust aspiration machines
- suction pads for slab lifting systems
- machineries for quarrying \*
- machineries for stone products manufacturing \*
- machineries for aggregate materials processing \*

\* with replacement of obsolete machines

## Resuming

INAIL supports enterprises which improve the level of OSH according to different schemes:

'OT24'	Premium reduction	Already implemented measures
'ISI'	Subsidy (‘first come, first served’ procedure)	Projects to be implemented
'FIPIT'	Subsidy (cost/quality ranking procedure)	Projects to be implemented

Further information on INAIL web site [www.inail.it](http://www.inail.it)

**DAI IL GIUSTO PESO ALLA SICUREZZA DELLA TUA IMPRESA**

**INAIL AL LAVORO CON TE**

**Finanziamenti Inail alle imprese**  
 307 milioni di euro per le imprese che vogliono migliorare la sicurezza e la salute nei luoghi di lavoro. Il contributo, pari al 65% dell'investimento, per un massimo di 130.000 euro, viene erogato dopo la verifica tecnico-amministrativa e la realizzazione del progetto. Dal 20 dicembre su inail.it trovi il nuovo bando e dal 21 gennaio al 9 aprile 2014 puoi inserire online il tuo progetto: se ha le caratteristiche richieste puoi partecipare alla fase successiva di invio telematico della domanda. I finanziamenti, a fondo perduto, vengono assegnati, fino ad esaurimento, secondo l'ordine cronologico di invio e sono cumulabili con benefici derivanti da interventi pubblici di garanzia sul credito (ex. gestiti dal Fondo di garanzia della PMI e da tomcat).

**OT24: sconto per prevenzione**  
 INAIL riconosce una riduzione del premio assicurativo alle aziende con dipendenti, attive da almeno due anni e che abbiano realizzato, nell'anno precedente alla richiesta, interventi di prevenzione per migliorare le condizioni di salute e sicurezza nei luoghi di lavoro. Le percentuali di risparmio sul premio variano in relazione alla dimensione aziendale e sono più elevate per le aziende più piccole. Ne beneficiano le imprese in regola con le disposizioni in materia di prevenzione infortuni e di igiene del lavoro e con gli obblighi contributivi ed assicurativi. La domanda deve essere presentata online entro il 28 febbraio 2014.
