

Achieving the best outcomes

- Actions and policies to achieve the best outcome by 2020 **in your scenario**
- Need to address the OSH challenges and opportunities you have identified
- Must not be restricted by current policies, be creative
- Actions and policies need to be specific and achievable but stretching
- Consider how policies can be implemented and the benefits

Exercise 3: Achieving the best OSH outcomes in your scenario

- Review the OSH challenges and opportunities **in your scenario** (5 minutes)
- Develop list of potential action/policies and write on flip chart (20 minutes)
- Decide on most important action/policies to:
 - Maximise opportunity(ies)
 - Mitigate challenge(s)
 - A novel or surprising action/policy(15 minutes)
- Capture the key actions/policies on the feedback form (10 minutes)
