Day 1 Tuesday 26/09/2017 – 14:00/18:00

1. Welcome and introduction to the e-tools projects – EU-OSHA 14:00 – 14:30

2. “SEIRICH e-tool presentation”, Nicolas Bertrand (Institut National de Recherche et Santé (INRS)) (presentation 20 minutes + 10 minutes Q&A) 14:30 – 15:00

3. “EMKG e-tool presentation”, Nicoletta Godas (Bundesanstalt für Arbeitsschutz und Arbeitsmedizin (BAuA)) (presentation 20 minutes + 10 minutes Q&A) 15:00 – 15:30

Coffee break 15:30 – 16:00

4. “GISBAU e-tool presentation ”, Jasper.Quenzel (Bau-Berufsgenossen-schaft (BG Bau)) (presentation 20 minutes + 10 minutes Q&A) 16:00 - 16:30

5. “SUBSPORT e-tool presentation”, Dolores Romano (European Environmental Bureau (EEB)) and Isabella Banduch (Kooperationsstelle Hamburg IFE GmbH (KOOP)) (EU-funded project with KOOP, ISTAS, ChemSec, Grontmij)(presentation 20 minutes + 10 minutes Q&A) 16:30 - 17:00

6. Open discussion 17:00 – 17:30

7. Conclusions from first day 17:30 – 17:45

8. Presentation / organisation second day 17:45 – 18:00
Day 2       Wednesday 27/09/2017 – 09:00/13:00

1. “KEMiguiden e-tool (Quick tool) presentation”, Ann-Beth Antonsson (IVL Swedish Environmental Research Institute) (presentation 20 minutes + 10 minutes Q&A) 09:00 – 09:30

2. Introduction to the draft EU-OSHA e-tool on dangerous substances and group work, Lothar Lieck (EU-OSHA) 09:30 – 10:00

Before the meeting: It will be helpful if you look at the Quick Start section of the KEMiguiden from Sweden, which was the starting point for the EU-OSHA tool. The Kemiguiden is in Swedish, but you can get an idea using online translation.

3. Working groups task exercise in three groups (including coffee break) 10:00 – 12:00

To gain better understanding of the tool development process, and assist EU-OSHA in developing its e-tool on dangerous substances we will break into work groups. In your groups you are asked to (1) consider potential usefulness of the tool for different Member States (2) adaptation of the tool for national use (3) dissemination of the tool in the Member States

4. Presentation of results and discussion 12:00 – 12:45

5. Conclusions from second day 12:45 – 13:00

Annex: Further Information

Purpose of the seminar:

- To share experiences and information in the development, adaption, use, promotion and maintenance of e-tools.
- To raise / discuss issues such as: the challenges related to the development and maintenance of a tool
- To identify the diverse electronic occupational safety and health tools in the field of dangerous substances
- To stimulate the use of e-tools as part of the OSH repertoire for prevention
- To provide input into the development of the EUOSHA e-tool on dangerous substances
- To facilitate networking in the topic
