E-guide: launch and promotion

Dr Malgorzata Milczarek, EU-OSHA
Brussels, 16 October 2014
A PRACTICAL E-GUIDE TO MANAGING PSYCHOSOCIAL RISKS

The Managing stress and psychosocial risk e-guide is available in 30 national versions. It provides information about work-related stress and psychosocial risks to aid in the general understanding and awareness of these issues in the workplace.

The structure of the e-guide is designed to respond to the needs of employers', workers' and their representatives, and people working in micro and small enterprises, who are starting to approach psychosocial risk in the workplace, and need to get guidance on the first steps, including:

- simple explanations of work-related stress and psychosocial risks, their causes and consequences;
- instructions on how to spot problems at an early stage;
- practical examples on how to prevent and deal with psychosocial risks;
- evidence that managing psychosocial risks is both possible and worthwhile.

ACCESS TO THE NATIONAL VERSIONS OF THE E-GUIDE

Find the e-guide version that is relevant for you by filtering by country and / or language.
